JOIN US TO CELEBRATE ANTHROPOLOGY DAY WITH A PRESENTATION FROM THE FLORIDA HUMANITIES!

FLORIDA TALKS: Seeing Florida Heritage Through Archaeology with Dr. Baram

THURSDAY,
FEBRUARY 20TH, 2025
6:30 PM - 7:30 PM

DR. UZI BARAM: GUEST SPEAKER

After 25 years of teaching at New College of Florida and creating its Public Archaeology Lab, Uzi Baram continues to engage in community-based archaeology and heritage interpretation through his consulting firm UBHeritage.

The history of Florida is fascinating, and archaeological research provides a tactile, visual, and place-based approach to appreciating what has been achieved. The aspects of the past that are in the present, that are being seen, used and visited by people today, are heritage. This presentation explores the dynamics of heritage by highlighting archaeological insights into Indigenous landscapes, colonial sites, utopian settlements, minority communities, and modern cities.

Funding for this Florida Talks program was provided through a grant from Florida Humanities with funds from the National Endowment for the Humanities. Any views, findings, conclusions or recommendations expressed in this program do not necessarily represent those of Florida Humanities or the National Endowment for the Humanities.
